Pooja Shinde

Junior PHP Developer (1.5 Years Experience)

Pune, Maharashtra | pooja.shinde@example.com | +91 98XXXXXX04 | github.com/pooja-shinde-demo | linkedin.com/in/pooja-shinde-demo

PROFESSIONAL SUMMARY

Backend-focused developer with 1.5 years of experience in Laravel, REST APIs and Vue.js integration. Has worked on an HR portal covering candidate management, third-party integrations and automated testing. Believes in clean code, proper testing and clear communication with frontend and QA teams.

TECHNICAL SKILLS

Languages: PHP 8, JavaScript, TypeScript (basic), SQL, HTML5, CSS3

Frameworks: Laravel, Vue.js 3, Tailwind CSS

Database: MySQL, Redis (basic)

Tools: Git, GitHub Actions (basic), Postman, PHPUnit, Docker (basic), Linux, Jira

Concepts: REST APIs, OOP, SOLID basics, Unit Testing, Queues, Third-party API integration

WORK EXPERIENCE

Software Developer

BrightEdge Technologies, Pune | Apr 2025 - Present

- Developed a candidate management module for an HR portal: profiles, resume upload, status pipeline and notes.
- Integrated third-party payment gateway and email service APIs with retry and error logging.
- Built Vue.js components (tables, filters, modals) and connected them to Laravel APIs.
- Wrote PHPUnit feature and unit tests, raising module coverage to around 70%.
- Refactored fat controllers into service classes, making code easier to test and maintain.
- Helped onboard two new interns and reviewed their pull requests.

Software Engineering Intern

BrightEdge Technologies, Pune | Oct 2024 - Mar 2025

- Worked on bug fixes and small features in Laravel; converted to a full-time role after the internship.

PROJECTS

Resume Parser Integration

Tech: Laravel, REST API

- Integrated an external parsing API to auto-fill candidate details from uploaded resumes.
- Handled failures with queues and retries so uploads never blocked the user.

Smart Attendance System (Final-year Project)

Tech: PHP, MySQL, Vue.js

- Built attendance tracking with QR codes and a faculty dashboard with reports.

EDUCATION

B.E. Computer Engineering

Pune Institute of Technology (affiliated to SPPU) | 2020 - 2024 | CGPA: 7.9 / 10

CERTIFICATIONS

- Laravel Testing with PHPUnit - Online course (2025)
- Vue.js 3 Essentials - Udemy (2024)

ACHIEVEMENTS

- Converted from intern to full-time developer within 6 months.
- Cut manual candidate entry time by about 40% via resume auto-fill.

LANGUAGES

English, Hindi, Marathi
