Sneha Kulkarni

PHP Developer (1 Year Experience)

Pune, Maharashtra | sneha.kulkarni@example.com | +91 98XXXXXX02 | github.com/sneha-k-demo | linkedin.com/in/sneha-kulkarni-demo

PROFESSIONAL SUMMARY

PHP developer with 1 year of experience designing REST APIs and admin panels in Laravel for a mobile app backend. Skilled in query optimization, API documentation and writing maintainable code. Works well in Agile teams and enjoys turning slow, messy modules into clean, fast ones.

TECHNICAL SKILLS

Languages: PHP 8, JavaScript, SQL, HTML5, CSS3

Frameworks: Laravel, Bootstrap, jQuery

Database: MySQL, Redis (basic)

Tools: Git, Postman, Swagger, Composer, Docker (basic), Jira

Concepts: REST APIs, JWT Auth, MVC, Queues, Caching, Code Reviews, Agile/Scrum

WORK EXPERIENCE

Junior PHP Developer

TechNova Solutions, Pune | Jul 2025 - Present

- Built and maintained 15+ REST APIs (auth, profile, orders, notifications) for a mobile app serving 20,000+ users.
- Optimized slow MySQL queries using indexes and eager loading, reducing average page load time by about 30%.
- Implemented JWT-based authentication and role-based permissions for the admin panel.
- Set up queued jobs for email and push notifications, improving API response time.
- Documented endpoints in Swagger and supported the mobile team during integration.
- Participated in code reviews, sprint planning and fixed 60+ bugs reported by QA.

PROJECTS

Admin Dashboard for Order Management

Tech: Laravel, MySQL, Bootstrap

- Developed filters, bulk actions and Excel export for 10,000+ orders.
- Added audit logs to track status changes by admin users.

Event Booking System (Academic)

Tech: PHP, MySQL, jQuery

- Built seat selection and booking flow with payment status tracking.

EDUCATION

B.Sc. Computer Science

Savitribai Phule Pune University | 2021 - 2024 | CGPA: 8.1 / 10

CERTIFICATIONS

- Laravel Fundamentals - Udemy (2024)
- SQL for Data Analysis - Coursera (2023)

ACHIEVEMENTS

- Awarded 'Rising Performer' for Q4 2025 at TechNova Solutions.
- Reduced API error rate by 25% through better validation and logging.

LANGUAGES

English, Hindi, Marathi
